Little Doris

The Robinson's arch-enemy

Hazards

Watch out for nasty hazards as you battle your way through time.

Electric Hazards

Little Don has been re-wiring the Robinson House and Robinson Industries, creating deadly traps everywhere!

Pits

You must traverse using moveable platforms or with the help of inventions.

Health and Batteries

You'll begin the in-game missions with five batteries which are displayed on your HUD.

Additional batteries can be picked up within the missions. Each time you're hit, you lose a battery. If you run out of batteries, you will need to restart the level.

Inventions also drain your batteries. If a battery is completely drained, it will be removed, effectively losing life from overuse.

Blueprints

Blueprints are found in missions. Blueprints are your keys to acquiring new inventions that will get you through the levels.

IF I CAN FIND 3
BLUEPRINTS AND SOME

Blueprints

Complete a mission and earn a blueprint. Find all three corresponding invention pieces in the next mission to activate that invention's mini-game.

Invention Pieces

Once all three of the invention pieces have been found, an Invention Activation mini-game will appear on the blueprint. Press the **A Button** to start the mini-game.

Invention Activation

Mini-Games

Complete the mini-games to activate and be able to utilize your new invention.

Match the Light Sequence

In this memory game, the lights are laid out to match the positions of the buttons. A sequence of lights will play. After the sequence completes, press the buttons to match the sequence.

Stop the Dials

A game of timing and skill. The dials are laid out to match the positions of the buttons on your GBA. To stop a dial from spinning, press the corresponding button when the dial is in the red section. Be careful, if you miss, all of the dials will start spinning again.

Hint: Try the faster moving dials before you do the slow ones.

Light the Lights

A game of reason. Each direction on the **+Control Pad** toggles a different group of lights: lights within the group that are on will turn off and lights within the group that are off will turn on. Figure out which directions you need to press to get all 9 of the lights on at the same time.

Hint: When you start, press each direction on the **+Control Pad** several times by itself to learn which group of lights that direction controls.

Lewis' Inventions

When you play Lewis, you can use these cool gadgets:

Meatball Cannon

Is a Little Doris in your way? Defeat it by firing meatballs at high velocity.

Deflector Bubble

This highly protective bubble shield can float over hazards and deflect enemy shots back at them.

Warning: It is challenging to maneuver.

Hover Boots

Is an open pit stopping your progress? Clear it with your handy Hover Boots.

Holo-Map

Wanna know what's around you? Scan the area for invisible switches and platforms with your Holo-Map.

Gravitron

Metal crates in the way that are too big for you to push? Move in close and drag them towards you with the Gravitron.

Wilbur's Inventions

Wilbur also has a set of handy inventions to aid him throughout his adventures.

Time Pauser

Better than glue, this handy device halts moving platforms and stops enemies in their tracks.

Time Reverser

If stopping time isn't good enough, reverse it. Reverse moving platforms, re-build destroyed crates, and even send enemy shots right back to them!

Pizza Gun

Fires wads of pizza dough, goo-ing up enemies. Pepperoni not included.

Rocket Boots

Need an extra boost up? Perform super jumps with the Rocket Boots.

Pick-Ups

Improve your chances for success with pick-ups.

Blueprint

Acquiring a blueprint for a new invention allows you to find and assemble the invention's pieces.

Invention Piece

You must find all three invention pieces for a particular invention in order to activate and then use it.

Present

Presents give you special items such as Portraits, Action Figures & Images of Time Machines that are viewable from the Goodies menu.

These all important pick-ups extend your life by 1 unit.

Franny's Frogs

Locating all of Franny's Frogs will unlock bonus inventions for Lewis to use.

Inventco Egg Timer

Collect all of the Egg Timers in the Lewis Levels, Wilbur Levels, Time Machine Levels and Boss Levels to unlock the secret bonus.

Bowler Hat (Little Doris)

On some levels you can destroy all the Little Dorises and unlock objects.
